Chocolate Chip Cookies from Cake Mix!

Ingredients

1 package yellow cake mix
1 cup chocolate chips
½ cup oil or melted butter
2 eggs

Directions

Combine cake mix, chocolate chips, oil or butter, and eggs in a mixing bowl.

Use an ice cream scoop to form golf-ball sized balls of cookie dough. I got 20 balls from my batch.

Place on a parchment paper-lined baking sheet.

Bake at 350°F for 10-12 minutes.

Let cookies cool on sheet for 10 minutes. Cool completely on racks before storing.

Note: Try other cake mix flavors and add-ins. Let me know how the recipe turns out! Email me at info@livingwithdana.com. Enjoy!
