

# Challenge Week 5

## COFFEE & TEA SUPPLIES

You can also follow me on twitter at [https://twitter.com/\\_livingwithdana](https://twitter.com/_livingwithdana) if you need challenge reminders.

Gather your coffee mugs and tea cups from various cupboards. Gather your travel coffee mugs, too. You'll save steps by having all your supplies in one cabinet located near the coffee maker. You only need 24 cups/mugs. If you have space to store your mug collections, great. If not, can you re-purpose them?

Organize coffee bags, k-cups, tea bags in groups and then store those groups in bins/baskets or canisters. Where are you storing your sugar? Powder creamer? Flavorings? Honey?

Arrange your coffee/tea supplies in the cupboard so that you don't have to move five things in front to get the item you want in the far back.
